**DR. SHRINK AND ZAP ENTERPRISES  
OFFER SPECIALIZED SHRINKWRAP TRAINING**

International premium shrinkwrap supplier Dr. Shrink has partnered with Zap Enterprises to provide specialized shrinkwrap installation training. This strategic alliance enables Zap Enterprises to hold Shrinkwrap University sessions and onsite demonstrations showing the versatility of shrinkwrap covers.

Mark Magro, owner of Zap Enterprises, has done extensive remediation work using Dr. Shrink shrinkwrap for victims of Hurricanes Katrina, Rita & Ike. He's also worked in the wind energy industry, shrinkwrapping turbines for transportation and storage.

"Mark has become an integral part of our team," said Mike Stenberg, president of Dr. Shrink. "Zap Enterprises has thorough knowledge of our product and is a great advantage to our training efforts."

Zap Enterprises has been established in the asset protection business for over 20 years. The company has helped promote shrinkwrap in many markets, from marine to industrial.

Providing shrinkwrap that only costs pennies per square foot, Dr. Shrink also offers heat tools, tape and supplies to wrap anything from small replacement parts to large boats and heavy machinery. The company is headquartered in Manistee, Michigan, USA.
